

MSS Virtual Scientific Meeting 2020 & MSS 13th Annual General Meeting

Appreciation Note from the President of MSS

Dear All,

Greetings and best wishes. I hope that you and your family members are in good health and spirits during this difficult period.

On behalf of the Malaysia Spine Society (MSS), I would like to thank all of you for participating and supporting the MSS Virtual Meeting 2020 and 13th MSS Annual General Meeting, which was held on 28 November 2020 via the online platform (Zoom).

The primary goal of this virtual meeting was to share invaluable scientific knowledge and experiences on the latest development and research in the field of spinal surgery. This meeting has also provided a good platform to update all of us with the latest information on spine care, although it was only for 3 hours. I strongly believe that our diverse group of national and international experts has provided an in-depth insight and latest updates of the respective topics in spine surgery. Thus, I would like to take this opportunity to express our utmost gratitude to the speakers for contributing their time for this virtual scientific meeting.

I would like to thank the Organising Committee for all their hard work for successfully transforming the physical event to a virtual format despite given a short notice. Besides that, I would also like to thank the Secretariat team for their support in coordinating the virtual meeting and ensuring that it ran successfully.

Moving on, this virtual scientific meeting would not be a success without the unwavering support from our industry partners. We would like to express our deepest gratitude to all the industry sponsors for supporting our congress. We hope to continue working with all the industry partners in future congresses.

Last but not least, your presence has made this event a great success. We wish you all the best and hope that you will continue to be actively involved in MSS activities.

Continue to stay safe and I hope to see you all again at the 8th International MSS Scientific Congress which is scheduled to be held next year in Kuala Lumpur, Malaysia.

Thank you.

Prof. Dato' Dr. Kwan Mun Keong
President
Malaysia Spine Society
